Van's Aircraft, Inc. has an OEM agreement with Hartzell Propellers that allows us to offer new constant-speed propellers at favorable prices. This agreement has several requirements:

- Hartzell props are available only to RV builders with a Van's customer number and must be installed on the corresponding airplane.
- Builders must have purchased, or have on order, all kits through the Finishing Kit for that customer number.
- Only one propeller may be purchased per customer number.
- Only the models listed are available.
- Van's does not maintain a stock of propellers. A 25% **non-refundable** deposit is required with order. **Full payment must be received before shipment.** Props will ship directly to the customer (in the USA) or to Van's (overseas orders.) Freight charges are collect from either Hartzell and/or Van's.
- **PRICES SUBJECT TO CHANGE WITHOUT NOTICE.**
- **FORM MUST BE SIGNED & INCLUDED WITH ORDER.**
- **WE CANNOT SHIP UNLESS THIS FORM HAS BEEN COMPLETED.**

THESE ITEMS WILL BE INSTALLED IN MY RV- _____ SIGNATURE _____ DATE _____
--

Propellers are supplied with mounting bolts and spacers. Spinners are supplied with the Finishing Kit except for the composite 3-blade which requires the Hartzell spinner. Not all aircraft engines are compatible with constant-speed propellers. It is the builder's responsibility to determine the suitability of the propeller for their engine/airframe.

NOTE: The product price is "ON DELIVERY", not the price at the time of placement of the order. History has shown that Hartzell raises prices effective January 1st each year and typical lead times are 12-16 weeks. Therefore you must order 12-16 weeks before January 1st to avoid the increase.

\$ _____	C2YL-1BF/F7663-4. 72" diameter, 7/16" prop bolts. Use with (I)O-320. All 2-seat RV models.	\$6590.00
